Paul Flatley
Project Manager
American Infrastructure
14900 Conference Center Drive
Suite 350
Chantilly, VA 20151

Dear Mr. Flatley:

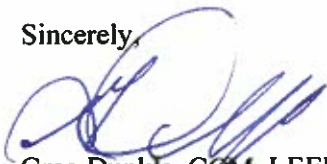

On behalf of Gilbane Building Company I would like to recognize your company as the recipient of the 2008 Contractor Excellence in Performance Award for your job well done at GMU PE Renovation and Expansion.

Ed von Roemer of Gilbane had the following words:

“American Infrastructure has continually impressed the team with their level of professionalism and their ability to tackle a variety of obstacles. American Infrastructure has also been incredibly responsive to change conditions by pushing forward with a “can do” attitude. Their project manager, Paul Flatley, is very knowledgeable and continually looks ahead trying to anticipate both the scheduling of activities and possible conflicts that may develop. To date, the quality of their work has been outstanding, and their on-site work crew is willing to stay late to get the job done right the first time.”

Thank you American Infrastructure for striving to make GMU an outstanding project.

Sincerely,

Greg Dunkle, CCM, LEED AP
Vice President
Regional Operations Manager
