Dear Mr. Tucker:

I wanted to take the time to recognize American Infrastructure and their Project Team for the outstanding job on the Brickyard North Project. The project team has been professional and detailed with their planning and scheduling. Most importantly, as a result of great planning, the performance of the work has exceeded our expectations.

Due to our successful relationship with American Infrastructure, we look forward to working with your team on the next Sitework packages for Buildings I and A-D. Teamwork within a relationship is what makes a project and our future together successful!

Sincerely,
NARDI Construction, Inc.
